

Create a Quiz Using **Google** **Forms**

And how to embed it.

[Free Technology for Teachers](#)

Select "create new form" in your Google Docs account.

The screenshot shows the Google Docs interface. On the left, the 'Create new' dropdown menu is open, showing options: Document, Presentation, Spreadsheet, Form (highlighted with a green checkmark), and Folder. Below this are 'From template...' and 'More searches'. On the right, the 'All items' list is visible, showing a table of documents. A purple box with the text 'Create new form' is overlaid on the image, with a purple arrow pointing from the box to the 'Form' option in the 'Create new' menu.

Item Name	Collaborators	Viewers

Title your form and make the first question "student names."

The image shows a form creation interface with a blue header bar containing the following elements: a '+ Add Item' button, 'Theme: Plain', 'Email this form', 'See responses', 'More actions', and 'Save'.

Below the header, there is a text input field containing 'Untitled form'. A purple arrow points from a purple box labeled 'Title form.' to this field.

Underneath is a larger text area with the placeholder text: 'You can include any text or info that will help people fill this out.'

The main form configuration area has a yellow background and includes the following fields:

- Question Title:** A text input field containing 'Name'. A red arrow points from a red box labeled 'Make the first question student name.' to this field.
- Help Text:** An empty text input field.
- Question Type:** A dropdown menu set to 'Text'.
- Their answer:** A dashed-line text input field.
- Buttons:** A 'Done' button and a checkbox labeled 'Make this a required question'.

At the bottom, there is a section titled 'Sample Question 2' with an empty text input field.

Write question or prompt. Then select question type.

The image shows a quiz creation interface. At the top, there is a blue header bar with buttons for '+ Add Item', 'Theme: Plain', 'Email this form', 'See responses', 'More actions', and 'Save'. Below this, the quiz title is 'Quiz 1'. A text area contains the instruction: 'You can include any text or info that will help people fill this out.' Below that is a 'Name *' field. The main question area is highlighted in yellow and contains the following fields: 'Question Title' with the text 'When did the US declare independence?', 'Help Text', and 'Question Type'. The 'Question Type' dropdown menu is open, showing options: 'Text', 'Paragraph text', 'Multiple choice', 'Checkboxes', 'Choose from a list', 'Scale', and 'Grid'. A red callout box with the text 'Select question type.' has an arrow pointing to the 'Text' option in the dropdown menu. At the bottom left of the yellow area, there is a 'Done' button and a checkbox labeled 'Make this...'. To the right of the question title, there are three small icons: a pencil, a copy icon, and a trash icon.

Select "required question" so that students cannot skip items.

Quiz 1

You can include any text or info that will help people fill this out.

Name *

Question Title

When did the US declare independence?

Help Text

Question Type

Text

Their answer

Done

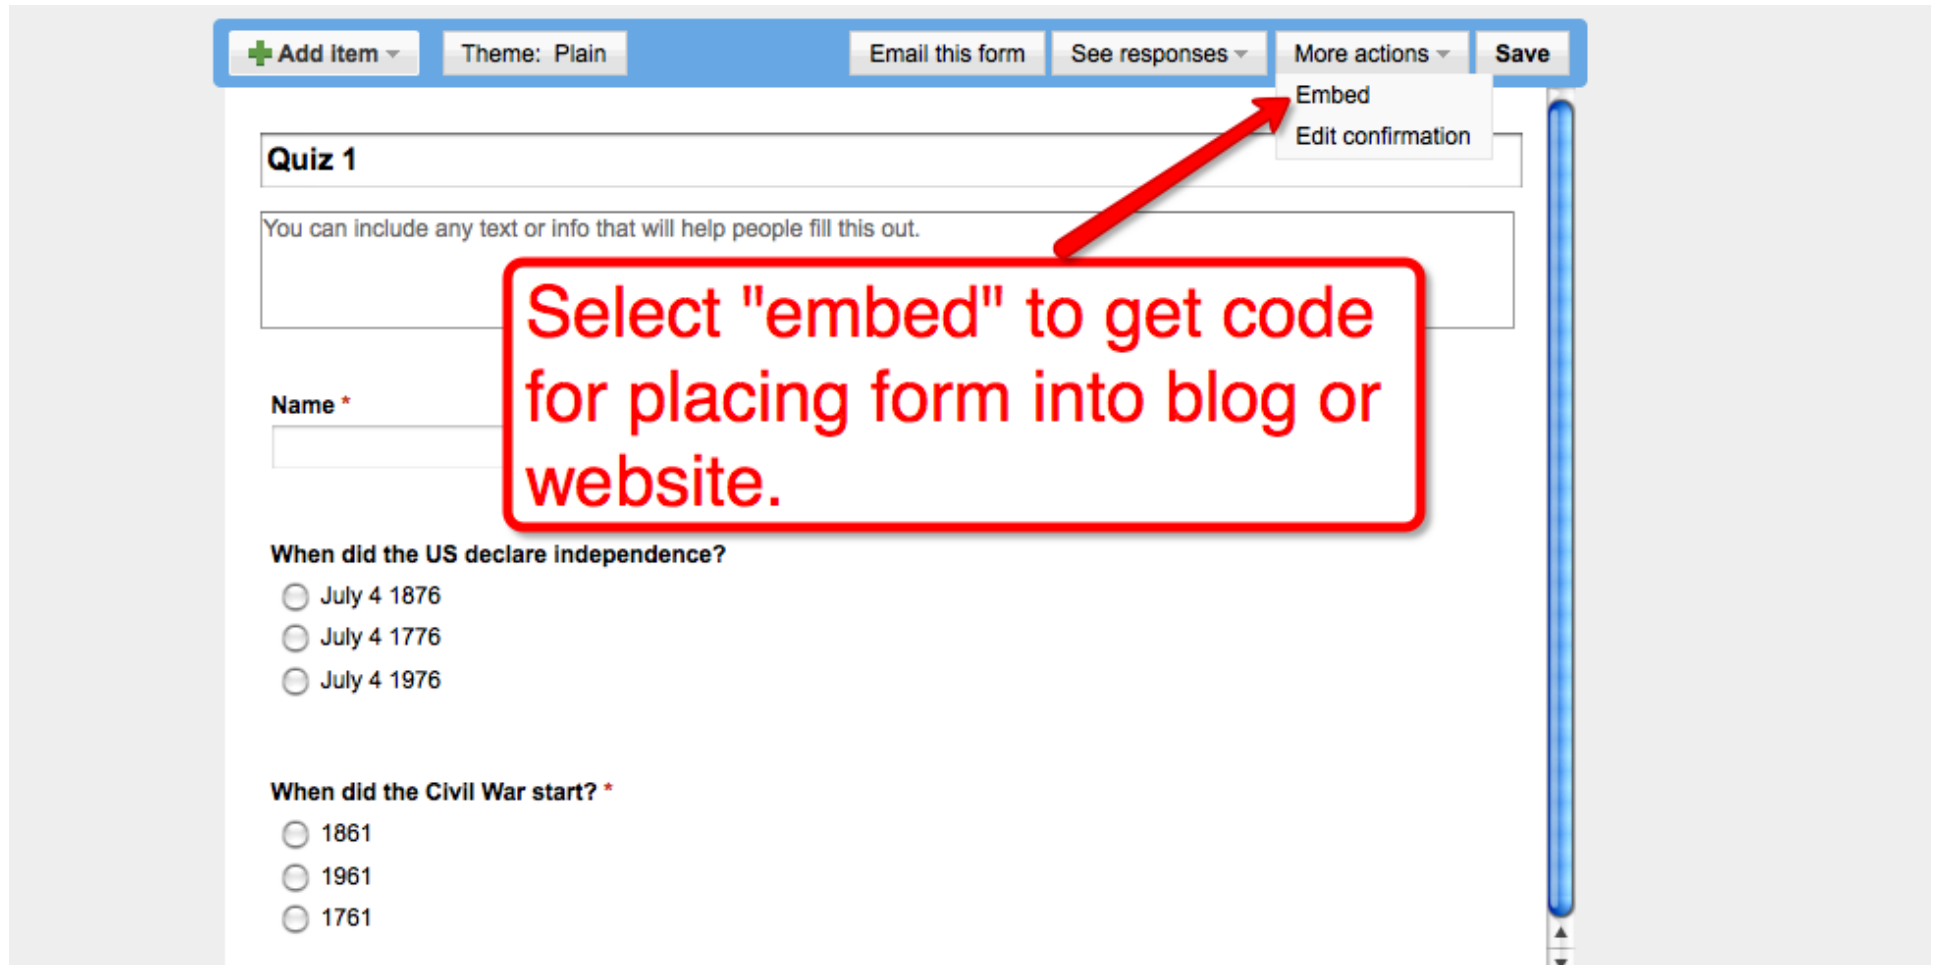

Make this a required question

Select "required question" so that students can't skip questions.

Select "add item" to add more questions. You can mix types.

The screenshot displays a form editor interface. At the top, there is a blue header bar with the following elements from left to right: a '+ Add Item' button with a dropdown arrow, 'Theme: Plain', 'Email this form', 'See responses' with a dropdown arrow, 'More actions' with a dropdown arrow, and 'Save'. Below the header, a dropdown menu is open under 'Add Item', listing various question types: 'Text', 'Paragraph text', 'Multiple choice', 'Checkboxes', 'Choose from a list', 'Scale', and 'Grid'. Under the 'Other' section, there are 'Section header' and 'Page break'. A red arrow points from a red-bordered box containing the text 'Select "add item" to add more questions.' to the '+ Add Item' button. Below the menu, a question is visible: 'When did the US declare independence?' with three radio button options: 'July 4 1876', 'July 4 1776', and 'July 4 1976'.

Select "more actions," "embed" to get embed code.

The screenshot shows the Google Forms editor interface. At the top, there is a blue header bar with several buttons: '+ Add Item', 'Theme: Plain', 'Email this form', 'See responses', 'More actions', and 'Save'. The 'More actions' dropdown menu is open, showing 'Embed' and 'Edit confirmation'. A red arrow points from the 'Embed' option to a red-bordered box containing the text: 'Select "embed" to get code for placing form into blog or website.' Below the header, the form content is visible, including a title 'Quiz 1', a description 'You can include any text or info that will help people fill this out.', a 'Name' field, and two multiple-choice questions: 'When did the US declare independence?' and 'When did the Civil War start? *'. The first question has options 'July 4 1876', 'July 4 1776', and 'July 4 1976'. The second question has options '1861', '1961', and '1761'.

Quiz 1

You can include any text or info that will help people fill this out.

Name *

When did the US declare independence?

- July 4 1876
- July 4 1776
- July 4 1976

When did the Civil War start? *

- 1861
- 1961
- 1761

Copy embed code

The image shows a Google Forms editor interface. At the top, there is a blue header bar with buttons for '+ Add Item', 'Theme: Plain', 'Email this form', 'See responses', 'More actions', and 'Saved'. Below the header, the form is titled 'Quiz 1'. A text box contains the instruction 'You can include any text or images in this section.' A red box with the text 'Copy code' and a red arrow points to the 'Embed' dialog box. The dialog box has a title bar 'Embed' and a close button. It contains the text 'Paste this into your blog or website:' followed by a text area containing the embed code: `<iframe src="http://spreadsheets.google.com/embeddedform?formkey=dFhsMIRzdS01NkN1MVE" >`. A 'Cancel' button is located at the bottom left of the dialog box. In the background, the form content includes a question 'When did the Civil War start?' with radio button options for '1861', '1961', and '1761'.

Paste code into your blog post editor. Edit to fit within your blog's main column.

The screenshot shows a blog post editor interface. At the top, there are buttons for "Edit Html" and "Compose". Below these is a toolbar with various icons for text formatting (bold, italic, underline, text color, background color, bulleted list, numbered list, indent, outdent, link, unlink, insert image, insert video, insert code). The main editing area contains the following HTML code:

```
<iframe src="http://spreadsheets.google.com  
/embeddedform?formkey=dFhsMlRzdSo1NkN1MVBmUl9rZUgzcoE6MA" width="760"  
height="556" frameborder="0" marginheight="0" marginwidth="0">Loading...</iframe>
```

At the bottom of the editor, there is a "Post Options" section with a text input field for "Labels for this post:" and a "Show all" link. Below the editor, there is a footer with shortcuts: "Shortcuts: press Ctrl with: B = Bold, I = Italic, P = Publish, S = Save, D = Draft [more](#)".

Edit width and height to fit in your blog's main column.
